

## **ALET DAVY : COUCHING ON QUILTS:**

Different quilts will be shown and discussed to show some uses of couching in quilting. This method creates interest in texture and designs. Students can bring old, existing quilts, or a sandwiched quilt to couch the designs on. Different coloured wools, cords or braids can be used. Examples of designs will be brought.

Techniques: How to trace designs

Transfer of designs on the quilts

Method of couching
